Dear John,

Here is Bair's reply to my letter of the 11th, received today. Without taking the time to check it, it seems like less than affirmation of the letter to which I'd referred him, his previous, unanswered letter to Gross, but possibly this is not so.

Nothing new. Hope school went well.

We've had and have much snow, and it has been cold out, but it is beautiful and comfortable inside. Got the quail so tame they come to the house to eat, on all sides.

And many other pretty birds.

Hope you make it here soon.

Best,
